

## International Commission on Zoological Nomenclature

### LIST OF OPEN CASES (Excel document): showing and hiding detailed data

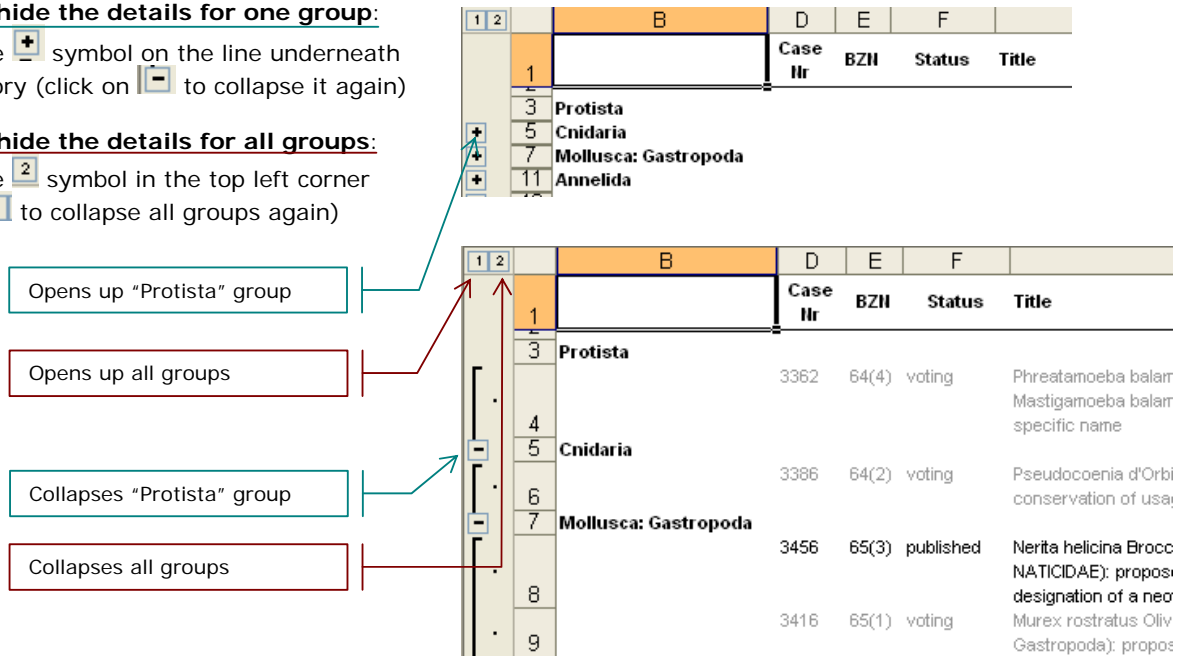

Upon opening, only the group headings are shown

#### To show/hide the details for one group:

click on the  symbol on the line underneath that category (click on  to collapse it again)

#### To show/hide the details for all groups:

click on the  symbol in the top left corner (click on  to collapse all groups again)

The image shows two screenshots of an Excel spreadsheet. The top screenshot shows a collapsed view where only group headings are visible. The bottom screenshot shows the same spreadsheet with detailed data for several groups expanded. Annotations with arrows point to specific icons: a plus sign in the top-left corner to expand all groups, and plus/minus signs on individual rows to expand/collapse specific groups.
