

Collection Management Seminar

What?

Collections Committee Update

When?

Thursday 31st January 2013 2.30pm - 4pm

Where?

Flett Lecture Theatre, NHM South Kensington

Who?

Alan Hart (Head of Collections, Earth Sciences) and Clare Valentine (Head of Collections, Life Sciences)

Synopsis

There's a lot going on for collections management at the moment! This session will give an overview and update on a number of projects so that staff feel more informed about what's been happening, what's coming up and how they are likely to be involved. Topics to be covered will include the discussions at the recent Collections Committee conference especially about digitisation of the collections including the i-Collections Initiative project; what's happening under CSIP phase 3; where we are with the Registrar etc.

Who should come?

The seminar is open to all NHM staff but it is suggested that the following staff will find the seminar most useful:

Science Group: All senior departmental managers & collection management staff.

Public Engagement Group: Any staff who work with and use collections or manage staff who work with collections.

Directorate and Science Directorate Staff

Audit & Assurance Staff

We also welcome colleagues from other Institutions who would find the seminar of interest. There is no booking fee and only large parties need to notify the organiser for catering purposes.

Tea and coffee will be available in the seminar room lobby area after the talk.

Suggestions for seminar speakers are always most welcome. Please contact the organiser
Clare Valentine (c.valentine@nhm.ac.uk)
