NEW GENERIC NAMES IN THE CHALCIDOIDEA.

By WILLIAM H. ASHMEAD.

Prof. T. D. A. Cockerell has called my attention to the names of several genera in my Classification of the Chalcid Flies* that are preoccupied in other departments of zoology and which must be changed. For one of these a subsequently proposed name can be resurrected; for the others, new names are here proposed:

Eufroggattia, n. n.

Froggattia Ashmead (not Horvath, 1902), Mem. Carnegie Museum, I, No. 4, p. 238, 1904.

Eukæbelea, n. n.

Kæbelea Ashmead (not Baker, 1897), Mem. Carnegie Museum, I, No. 4, p. 238, 1904.

Eusayia, n. n.

Sayiella Ashmead (not Dall, 1885), Mem. Carnegie Museum, I, No. 4, p. 253, 1904.

Zaischnopsis, n. n.

I Schnopsis Ashmead (not Walsingham, 1881), Mem. Carnegie Museum, I, No. 4, p. 289, 1904.

Prospaltella, n. n.

Prospalta Howard (not Walker, 1857), Ins. Life, VII, p. 6, 1894.

Alophomyia, n. n.

Alophus Ashmead (not Schönherr, 1826), Mem. Carnegie Museum, I, No. 4, p. 353, 1904.

Euryophrys Förster.

Euryophrys Förster, Hym. Stud., II, p. 144, 1856.

Calypto Haliday (not Risso, 1816), Trans. Ent. Soc. Lond., p. 295, 1843.

* Mem. Carnegie Museum, I, No. 4, 1904.
